Commissions

Insurance Products

Commissions can be received for life insurance products with the exception of life insurance implemented after 1 July 2014 for a member in a default superannuation or a group life policy in a superannuation fund.

Where we arrange a life insurance product for you, the relevant insurer will pay an initial commission to us. The commission is calculated as a percentage of the premium paid (and may include health, occupational, frequency and modal loadings and policy fees, but excludes stamp duty). *The initial commissions can be offset against the "Statement of Advice" and "Implementation" Fees listed above.*

Annual commission will also be paid when you renew your policy each year. This helps with our training and education around the policies updates/upgrades and improvements ALONG with supporting you at claim time (*we offset the ongoing commissions over the period we are the adviser on the policy against our time to support you at claim*).

There will be a 100% clawback of commission where the life insurance policy is cancelled, not continued or the policy cost is reduced in the first year and 60% clawback of commission in the second year.

In the interests of transparency, please understand that I will receive an upfront commission from the product issuer if you decide to buy a life risk insurance product I recommend to you. Commissions, whether up-front or ongoing, are paid to us by the Insurer.

I will receive an upfront commission of between 0% and 66% of the first year's annual premium, and then an annual ongoing commission of between 0% and 22% of the annual premium.

The rates of initial and ongoing commission will depend on the date the policy is issued and are set out in the table below:

Date policy is issued	Initial Commission (% of annual policy cost including GST)	Ongoing Commission (% of annual policy cost including GST)
Before 1 January 2018 or before 1 April 2018 (where the application was received before 1/1/18)	up to 130%	up to 22%
From 1 January 2018	up to 88%	up to 22%
From 1 January 2019	up to 77%	up to 22%
From 1 January 2020	up to 66%	up to 22%

We may receive commission at pre 1 January 2018 rates if:

- you increase your cover, add new cover or otherwise amend a policy purchased by you before 1 January 2018; and
- that policy amendment results in commission receivable by us, and
- that policy amendment is eligible for pre-1 January 2018 commission rates.

Example (all figures include GST):

You purchase the policy for \$1000 on 1 December 2019. We may receive an initial commission of up to \$770 ($\$1000 \times 77\%$) in the first year and ongoing commissions of \$220 per annum ($\$1000 \times 22\%$) for as long as you continue to hold the policy.

If you increase your cover on 1 July 2020 for a cost of \$500, we may receive an initial commission of up to \$330 ($\$500 \times 66\%$). The ongoing commissions on the additional cover may be up to \$110 ($\$500 \times 22\%$). This is in addition to the ongoing commissions of \$220 per annum when the policy was purchased.

Total ongoing commissions payable to us may be up to \$330 ($\$1500 \times 22\%$).

Please note that the initial and ongoing commissions on life insurance products are paid to us by the product provider and are not an additional cost to you.

Payment of our Fees

You can pay for the services you receive on a fee for advice basis. This allows you to know that you are paying for our advice irrespective of any product you use, clarifies the services you are entitled to, and ensures all recommendations are driven by your needs.

We will agree with you the amount you pay based upon:

- a flat dollar fee;
- an hourly rate;
- the amount you invest; or
- a combination of the above.

You can pay in the following ways:

- by direct invoice from us;

- where applicable, via commission we may receive from a financial product provider when you commence an insurance contract and ongoing commission annually during the life of the insurance contract; or
