

YOUR PARTNERS IN NUTRITION

Top Country is a family-owned stock feed and supplement manufacturing company that has been actively supporting Australian graziers to improve livestock performance for over 20 years.

We are proud to promote our innovative and passionate approach to improving livestock efficiency in all production systems. Our team of nutritionists aim to provide the highest level of advice to our customers and recommend products specific to each operation and country type. Our nutritionists are available for free on-farm consultation or contactable to answer any of your enquiries. Please give them a call today!

Top Country also supply:

- ✔ External Parasite Control Program
- ✔ Bulk Delivery
- ✔ Top Feedas—for cattle, horses, sheep and goats

Dry Loose Lick Supplements

Top Country is a supplier of premium quality dry licks based on cottonseed meal and quality phosphorus sources. Our team of qualified nutritionists can customise a supplement to match the deficiencies of your feed and meet the requirements of your stock. Our range includes dry season supplements, green season supplements, feedlot concentrates and several specialty products to aid with calving, reproduction, bloat and much more.

Complete Grain Rations

Top Country's range of full feeds include weaning, starter, finishing and sire preparation rations. Our rations are complete and balanced and include a combination of rolled grains, effective fibre, protein meals, vitamins, minerals and buffers. They are in the form of a dry mash and are perfect for feeding through self-feeders. Our fleet of specialty trailers can delivery directly into your bins or silos.

Paddock Production Feeds

Top Country has led the industry with our range of self-regulating paddock feeds. With target intakes of 0.5-1.0% of bod weight, they are affordable and cost effective. Combining the benefits of grain, slow break down protein meals and vitamins and minerals ensures efficient digestion and pasture utilisation. Our range is suitable for all classes of stock ranging from lighter weaners (150kg +) through to feeder cattle as well as backgrounding for sire preparation.

Equine Supplements

Top Country offers a range of supplements to help meet the deficiencies of horses grazing pasture of varying deficiencies. Our licks are designed to be labour savings and cost effective. Our range includes:

- ✔ A high protein supplement for conditioning in the winter months,
- ✔ A moderate calcium inclusion supplement suited to mixed pastures, and;
- ✔ A high calcium inclusion supplement for full buffel pastures.
